

MetriCan Stamping Co. Inc.

Toxic Reduction Act Public Report

2013 Reporting Year

1.0 Facility General Information

Company Name	Metrican Stamping Co. Inc.
Company Address	1380 Artisans Court Burlington, Ontario L7L 5Y2
Facility Address	1380 Artisans Court Burlington, Ontario L7L 5Y2
Facility Contact	Melissa Corin Environmental Coordinator Phone: 905-332-3200 extension 3252 Fax: 905-332-6569 Email: m_corin@metrican.com
NPRI ID	11563
NAICS Code	332118 - Stamping
Primary Operation	Manufacturing metal parts through stamping and welding.
Number of Employees	230
Facility Coordinates expressed in UTM	Easting 598409 Northing 4804508

1.1 Facility Toxic Substances

Substance	Chemical Abstract Number (CAS)
Hydrotreated heavy naphtha	64742-48-9

2.0 Facility Toxic Substance Accounting

Substance	Used (T)	Created (T)	Contained in Product (T)	Released, Disposed of and Transferred (T)
Hydrotreated heavy naphtha	>1 to 10	0	0	8.4

3.0 Facility's Objective and Targets

This is the first year reporting to the Toxic Reduction Act and therefore no plan, plan objectives or targets are in place. The plan will be completed by December 31st, 2014.

4.0 Facility Progress in Toxic Substance Reduction

This is the first year reporting under the Toxic Reduction Act and therefore no data is available for comparison.

5.0 Progress on Plan Implementation

This is the first year reporting to the Toxic Reduction Act and therefore no plan has been created. The plan will be completed by December 31st, 2014.

6.0 Certification

In accordance with S.19 of O. Reg. 455/09, the highest ranking employee at the facility electronically certified the annual reports. The following is a copy of the electronic certification.

Report Submission and Electronic Certification

NPRI - Electronic Statement of Certification

Specify the language of correspondence

Comments (optional)

I hereby certify that I have exercised due diligence to ensure that the submitted information is true and complete. The amounts and values for the facility(ies) identified below are accurate, based on reasonable estimates using available data. The data for the facility(ies) that I represent are hereby submitted to the programs identified below using the Single Window Reporting Application.

I also acknowledge that the data will be made public.

Note: Only the person identified as the Certifying Official or the authorized delegate should submit the report(s) identified below.

Company Name

Certifying Official (or authorized delegate)

Report Submitted by

I, the Certifying Official or authorized delegate, agree with the statements above and acknowledge that by pressing the "Submit Report(s)" button, I am electronically certifying and submitting the facility report(s) for the identified company to its affiliated programs.

I, the highest ranking employee, agree with the certification statement(s) above and acknowledge that by checking the box I am electronically signing the statement(s). I also acknowledge that by pressing the 'Submit Report(s)' button I am submitting the facility record(s)/report(s) for the identified facility to the Director under the Toxics Reduction Act, 2009. I also acknowledge that the Toxics Reduction Act, 2009 and Ontario Regulation 455/09 provide the authority to the Director under the Act to make certain information as specified in subsection 27(5) of Ontario Regulation 455/09 available to the public.

Submitted Report

Period	Submission Date	Facility Name	Province	City	Programs
2013	28/05/2014	MetriCan Burlington	Ontario	Burlington	NPRI, ON MOE TRA

Note: If there is a change in the contact information for the facility, a change in the owner or operator of the facility, if operations at the facility are terminated, or if information submitted for any previous year was mistaken or inaccurate, please update this information through SWIM or by contacting the National Pollutant Release Inventory directly.

Plan Summary for Hydrotreated Heavy Naphtha

TRA Plan Summary – Hydrotreated Heavy Naptha

Basic Facility Information

Name & CAS # of Substance	Hydrotreated Heavy Naptha	64742-48-9
Facility Identification and Site Address		
Company Name	MetriCan Stamping Co. Inc.	
Facility Name	MetriCan Burlington	
Facility Address	1380 Artisans Court, Burlington, Ontario L7L 5Y2	
Spatial Coordination of Facility (UTM Coordinates)	598346.07 m E 4804447.65 m N	
Number of Employees	230	
NPRI ID	11563	
Ontario MOE ID Number		
Parent Company (PC) Information		
PC Name	Not Applicable	
PC Address		
Percent Ownership for PC		
Primary North American Industrial Classification System Code (NAICS)		
2 Digit NAICS Code	33 – Fabricated Metal Product Manufacturing	
4 Digit NAICS Code	3321 – Forging and Stamping	
6 Digit NAICS Code	332118 – Stamping	
Company Contact Information		
Facility Public Contact	Melissa Corin, Environmental Coordinator	
	m_corin@metrican.com	
	Phone: (905)332-3200 ext. 3252	
	Fax: (905) 332-6569	
Facility Technical Contact:	Andrew Bihari, Maintenance Manager	
	a_bihari@metrican.com	
	Phone: (905)332-3200 ext. 3229	
	Fax: (905) 332-6569

Toxic Reduction Policy Statement of Intent

MetriCan Stamping Co. Inc. (MetriCan) is currently using hydrotreated heavy naphtha in three processes. The Facility does not intend to reduce the use of this toxic substance. MetriCan does not create hydrotreated heavy naphtha; therefore this plan will not address reducing its creation.

Reduction Objectives

MetriCan performs metal stamping to produce a wide range of high quality components parts which includes aluminum, stainless, carbon, high-strength, and martensitic steels in an

environmentally responsible manner. The objective of this plan is to identify and evaluate the technical and economic feasibility of a variety of reduction options and determine which, if any, are viable for implementation at this time.

Description of Facility

The MetriCan facility is a metal stamping facility that uses stamping presses to produce a range of component parts for its customers. The Facility receives steel raw material and oils/lubricants and stores them at the Facility. The steel parts are stamped in one of the sixteen presses which utilize a lubricant to cool and protect tool/die surface from wearing. Additionally, the lubricant protects the sheet metal from surface abrasion and facilitates elastic material flow which prevents tears or wrinkles. The parts are then left to dry before being sent to the central warehouse. The parts are picked up at the Facility by the customers when sold. Vanishing Oil 205 A (VO-205 A) is a stamping lubricant used in the 200 ton presses. The Vanishing Oil 205 A is the only product that contains hydrotreated heavy naphtha as a constituent material. The North American Industry Classification System (NAICS) Code that applies to this Facility is 332118 – Stamping.

Toxic Substance Reduction Options to Be Implemented

There were no options identified that can be implemented by MetriCan to reduce the use or release of hydrotreated heavy naphtha.

Plan Summary Statement

This plan summary accurately reflects the content of the toxic substance reduction plan for hydrotreated heavy naphtha.
